GCSE Dance Glossary

Aural setting - An audible accompaniment to the dance such as music, words, song and natural sound (or silence).

Choreographic approach -The way in which a choreographer makes the dance.

Choreographic devices -Methods used to develop and vary material.

Choreographic intention -The aim of the dance; what the choreographer aims to communicate

Climax -The most significant moment of the dance.

Constituent features -Characteristics of choreography such as style, stimulus, subject matter, number/gender of dancers, action content, choreographic principles, form and structure, physical and aural settings.

Costume -Clothing worn by dancers in performance.

Dance film -Where dance and film are both integral to a work; this includes documentary, animation, dance for camera and a screen adaption of a stage work.

Dance for camera -Where the choreographer collaborates with (or is) the film-maker; where the intention is to produce a dance work in a multi-media form that cannot be achieved in live performance.

End-stage -A performance space with the audience on one side; also known as "end-on".

Episodic -A choreography with several sections, linked by a theme.

Features of production -Lighting, set, properties, costume and aural setting

In-the-round -A performing area with the audience seated on all sides

Interpretation -Finding the meaning that is in the movement or finding the movement that is in the idea.

Lighting -The illumination of the performance area.

Manipulation of number -How the number of dancers in a group is used

Narrative -Dance that tells a story

Performance environments -Different settings for dance such as in-the-round, proscenium and site sensitive.

Professional work -Original choreography by an individual or company that is recognized nationally or internationally

Site sensitive -Dances that are designed for (or relate to) non-theatre space

Staging/set -The presentation of dance in the performing space including set, furniture, props, projection and backdrop

Stimulus/stimuli -Inspiration for an idea or movement.

Style -Characteristic way of dancing.

Choreographic Content

Movement motifs and phrase are a combination of 4 different features:

DESCRIBE a motif used in *Infra*

LINK this motif to the Choreographic Intention/Stimulus

- Seeing below the surface-beneath the city
- Human interactions/interference

Choreographic Devices

Motif Development *Repetition* *Contrast*
Manipulation of Numbers *Unison* *Canon*

Highlight one choreographic device from the list above, which is seen clearly in the work.

Describe an example of this choreographic device.
